Trader Requirements

Stall holders are responsible for ensuring that their products conform to any relevant health, hygiene, handling, legal and safety requirements.

All stall holders must have Public Liability Insurance.

Stall holders using their own specialist lighting should ensure it is battery operated.

Stall holders are responsible for bagging and removal of their rubbish at the end of trading.

In order to minimize plastic and non-biodegradable waste we promote the use of recycled or sustainably sourced bags, packaging, food and drink containers and utensils. We encourage stall holders to embrace this philosophy.

We would like stall holders to wear some form of *festive attire* to add to the atmosphere and festive spirit of the market. There will be a prize for the stall holder wearing the most festive costume.
