Let's Go Cycling

2017 Edition

in
South East Cheshire

Photo: © Alec Scarsbrook 2017

The South East Cheshire Cycle Action Group has produced this map to encourage more people to cycle for everyday purposes in and around the five towns of Alsager, Congleton, Holmes Chapel, Middlewich and Sandbach.

The maps are intended for cyclists and potential cyclists to indicate possible routes that might be preferable to using main roads, and to indicate potential hazards and discontinuities in the routes. They should not be taken as indicating the presence of an official route, of cycle-friendly infrastructure or a safe route. Any use that implies otherwise is prohibited.

Suggested Cycle Link Routes

- On Road
- Off Road
- ⋯ Walk Only

National & Regional Cycle Routes

These are generally well signposted. For further information visit www.sustrans.org.uk

- National 5
- Regional 71

General Symbols

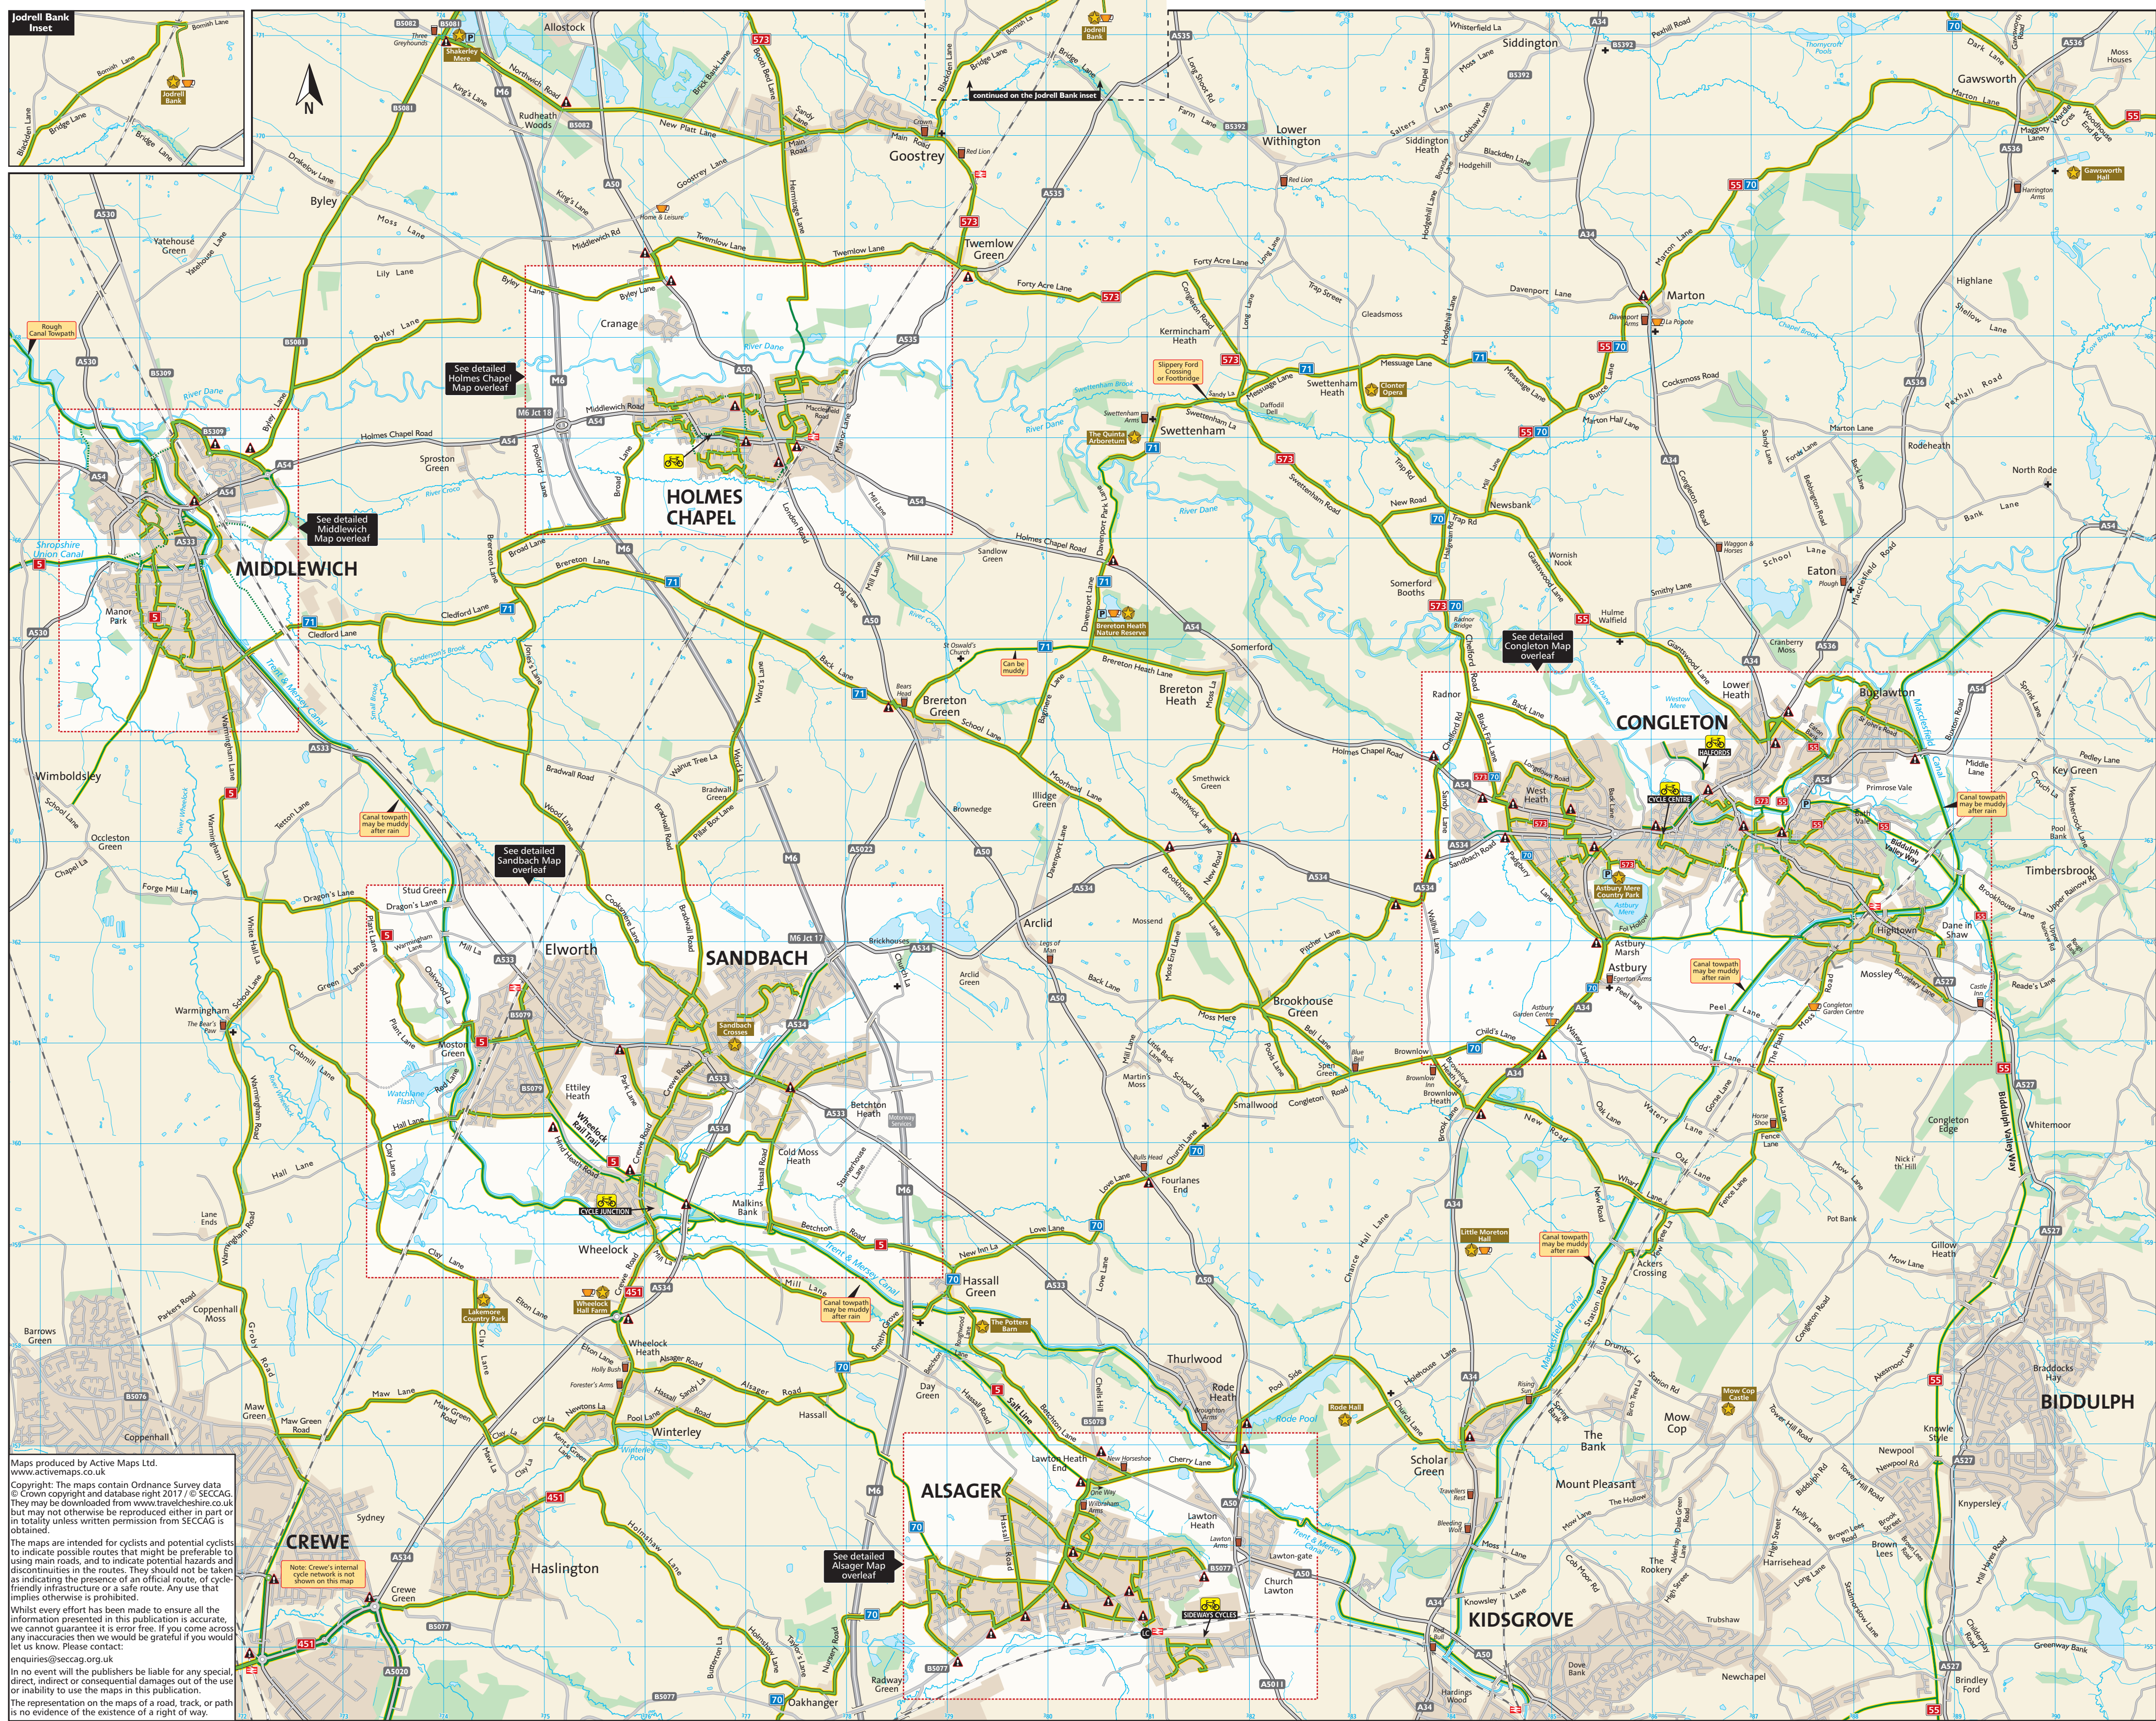

- ▲ Extra Caution Required
- ♻️ Bike Shop
- 🏠 Notable Site or Building (open to the public)
- 🍺 Pub
- ☕ Café / Tearoom
- P Car Park (suitable starting point for a leisure ride)
- + Church (selected shown for landmarks)
- Wood
- Urban Area

Roads & Rail

- M6 Motorway
- A530 A' Road
- B5309 'B' Road
- Other road
- Track
- Level Crossing
- Station
- Railway

Map Scale

The blue grid lines represent the national grid and are 1 km apart.

'Get Britain Cycling' is a government initiative that has an ambitious target: 1 in 10 journeys to be made by bike by 2025!

As a way of making a contribution to this initiative and of getting Cheshire people on their bikes the South East Cheshire Cycle Action Group has produced this map. It suggests cycling routes between the five towns in the Congleton Local Area Partnership without having to cycle along the main roads.

The routes are clearly not the fastest or most obvious way of travelling between the towns – the main roads do that job. They are not completely safe and traffic-free either but they do offer an alternative, quieter and pleasanter way of getting from A to B by bike.

Places to visit and those all important watering holes are also clearly shown to help you plan your excursions.

The five towns have also been mapped (see overleaf) to create cyclist friendly ways of getting into, round and through each of them.

Reasons to get out on your bike

- 🚲 it's practical: no traffic jams, no waiting for buses or trains
- 🚲 no parking problems
- 🚲 it's cheap (apart from the calories you are now allowed to consume!)
- 🚲 you get leaner and fitter
- 🚲 you get out into the beautiful (and mostly flat!) Cheshire countryside
- 🚲 your child has completed a Bikeability course at school and he/she wants to put those skills into practice. Dust down your bikes, parents, and go on an outing together by bike
- 🚲 cycling is the way to travel: you see more than from a car and you get a lot further than on foot

What's not to like?
