This summary is to highlight to the Finance Policy and Governance Committee (FOG) of a worst-case scenario financial position due to Covid-19 on The Town Council's Income.

Town Hall income: Have assumed no more income from October 2020, there are bookings in the system to a value of £14,000 but unknown as to whether these can go ahead.

No further spends have been noted for Town activities such as Bar stock, refreshments purchases.

Market Income: as markets remain open the income for the year is based on a 3-month average from July to Sep 2020. November is a new lockdown; figures have taken this into account.

1 A summary of your project:

This grant is aimed at Project establishment / support and should be considered a stand alone sum. Describe your project and what you would do with a grant:

In order to comply with forthcoming Defra regulations on cattery housing, and given the age of our rescue, it was decided that we needed larger modern hygienic pens to replace our old and very tired wooden pens. We also needed to improve the internal and external exercise & enrichment areas. To this end, it was necessary to extend the existing premises and to refurbish the internal and external facilities. Due to the recent pandemic and the cancellation of our fundraising activities we now need financial help to complete this project.

Does the grant cover advertising or wages of personnel involved if so how much?

No, we do not spend on advertising or have any payed staff.

This grant is aimed at Project establishment / support and should be considered a stand alone sum. Describe your project and what you would do with a grant:

Smile Group support families affected by Perianal Mental Illness (ante natal and Postnatal depression/ anxiety etc) and we quickly responded to COVID by moving online within a few days. We then moved to group walks and have slowly started back into Children Centres, due to Sandbach Children Centre not opening up we have looked into alternative venues and have been offered a space in Ashfields Medical Centre.

Since August we have been having walks around Sandbach Park with between 4 and 10 mums with the babies / toddlers. This has meant that people have been able to still access the peer support at a social distance but also walking in the fresh air is also good for mental wellbeing.

This has been a difficult time for parents with new babies and we have increased our support to them at this time. We are seeking funding to support this. Our facilitators will be able to continue offering support at the group session as well as addition support for those who aren't able to attend due to the limited numbers that are able to attend, in order to maintain Social Distancing and people safety. New parents emotional and mental well being is at an all time low given the current circumstances of COVID -19 and not being able to access other areas of support, however we can offer that support to them within our sessions and virtually.

Does the grant cover advertising or wages of personnel involved if so how much?

The whole amount is for the wages of the facilitators offering the support

SANDBACH TOWN COUNCIL

SPONSORSHIP

During the 6th August 2020 Finance meeting, a grant application was discussed and approved to award £250 towards a local Tem GB athlete, this was paid under the General Power of Competence (GPoC) rulings, which the Council adopt. After the resolution to award the grant, a question arose as to whether the Council can award sponsorship.

After contact with CHALC (Cheshire Association of Local Councils), they have advised that:

- Unless the council has the power of competence, they cannot grant money to an individual.
- Sponsoring is no more than a regular grant
- The council could give a grant to an organisation that the athlete is involved with.
- If the council has GPoC then they can give a grant or sponsor an individual

Action:

For the Committee to discuss the idea and original query of sponsorship going forward and to recommend any resolution to Council for approval.

AGED DEBT PROCESS

Aged debt process remains active during Covid-19 but as it stands we are not actively pursuing debts, below is a summary of debts that remain outstanding for the period prior to Covid-19 some of which are quite old, which were pursued prior to lockdown.

The reason behind putting a hold on actively pursuing debts is that some of the businesses in the aged debt report were closed during lockdown, some are now open again and trading fully.

Action required:

Feedback from the Finance committee as to when is appropriate to recommence our aged debt policy, I would recommend should it be decided that we should now begin actively pursuing older debts, that each customer starts at stage 1 as goodwill to give time to make payment plans. This balance reflects active customers on our books with current debts, the full aged debt report will be presented in February 2021.

SANDBACH TOWN COUNCIL

This report is an update to the original presented to Finance Committee (F.P.G) on 6th August 2020 regarding a discrepancy in monies not banked from the Market rent from Thursday 19th March 2020.

Original Details/ Timeline of original report:

MARKET RENT WRITE OFF

- Monies collected for Market Trader takings on 19th March 2020: According to the taking sheet the total due to be banked is £388. Takings sheet signed ready for banking on 19th March 2020 with paying in slip reference noted.
- Finance Officer completed March 2020 bank reconciliation towards end of April, the sheet for the 19th March 2020 was outstanding as no deposit to match in the bank. A check of the safe was completed to see if the money was there, but it was not. (20th April 2020). Finance Officer contacted the bank to request they double check on any discrepancies from un allocated monies on that date, none where found.
- Email was sent to RFO on 20th April 2020 raising the issue, who took on investigations. RFO liaised with Facilities Supervisor to obtain order of events for that day, and then informed the previous Mayor, Deputy Mayor and Chair of Finance, with information to deal with this on our return to the office. Further physical checks took place by RFO and F.S in July but nothing found.
- Money and paying in book remain missing. No further paying in slips after the one related to this date have been presented to the bank.

Update:

£487 was taken in rent for 19th March 2020, the amount noted to be banked was £388, nothing has been banked the money is still missing.

£79.00 was taken in rent for 21st March 2020, the amount banked was £59.00.

Resolution from 06.08.2020:

RESOLVED: That the report is received and that the Finance Officer works towards looking at cashless takings/ invoicing/ electronic system for the Market taking monies.

The move toward cashless/ invoicing work was not requested to come back to the committee for an update, but for Staff to proceed as needed, but as an update this has now been looked into and due to the amount of changes, holiday weeks and charges an invoicing system is not possible due to the amount of admin work that would be need to keep up to date in ensuring invoices are raised in time for month start.

After discussion with Market staff we do not feel an invoicing system would encourage more traders to pay by card, most would continue to pay by cash.

Various payment taking systems have been investigated, to log takings electronically rather than via handwritten receipts, this is ongoing.

Cash Handling Policy

The policy was mentioned and the Committee asked if this requires updating to attempt to prevent issues/ monies going missing, but I feel the current policy covers all areas, and if it is followed by staff it should prevent errors and issues.

Insurance

Our insurance policy cover Money loss, the relevant section being:

(c) in the premises
(i) in the custody of or under the actual supervision of any member or £5,000

The excess is £50.00 for every loss, it us unknown should we be able to claim, what effect this on our premiums.

Action:

This item has been raised again to request that the £487 from 19th March and £20 from 21st March are written off.

Recommendation: That the Committee approve the write off the £507 against Market (Indoor and Outdoor) income and recommend this to Council for approval.

SANDBACH TOWN COUNCIL

BANK BALANCES

This report is to highlight to the Committee our current bank balances:

Reserve Account: £85,170

Current Account: £1000 and Business Reserve £1,050,971

The total of this balance is over and above the limits for Financial Compensation Schemes which has a limit of £85,000.

From the Current account balances, we need to take into account that this holds the 2020-21 precept of which the remainder of costs for operational spends to be deducted from over the remainder of the financial year, according to the assumed year end spend this approximately £441,000, this is not fixed and is based on pre-budget discussion that have taken place, which would leave a possible year end bank balance of approximately £609,000. We have reserve requirements of £165,716 for this financial year and our Committed Reserves Fund currently stands at £353,306.

Action:

To note the balances and to discuss possible solutions including the possible use of Investment Fund, which will be presented as a future item.

SANDBACH TOWN COUNCIL EQUALITY POLICY STATEMENT

THE COUNCIL'S EQUALITY STATEMENT

The Council aspires to be an Equal Opportunities employer, service provider and community leader. Our aim is to ensure that all employees and service users are not subject to any form of discrimination, harassment and/or victimisation at any time on the basis of age, gender, gender reassignment, ethnic origin, colour, disability, illness (such as HIV or AIDS), marital status or being in a civil partnership, nationality, race, religion or belief, sexual orientation, pregnancy and maternity or social background.

POSITIVE ABOUT EQUALITY, DIVERSITY AND HUMAN RIGHTS

This Policy recognises its general equality duty under the Equality Act 2010.

The Council is committed to providing the highest quality of governance and service and recognises that the implementation of an effective Equality Policy is an integral part of any approach based on quality of service and provision. [It is not a coincidence that an organisation that is able to provide services to meet the diverse needs of its users, usually carries out its core business efficiently. Equally a workforce that has a supportive environment is more productive.] The Council as a corporate body has responsibilities as an employer, a service provider and a public authority, but both Members and employees as individuals also have responsibilities as well as rights.

The Council is committed to ensuring that our services and employment practices are fair, accessible, responsive and appropriate for all residents, clients and service users, voluntary and business organizations and visitors in the community we serve, as well as the dedicated staff we employ and volunteers and partners who work with us.

The Council will strive to advance equality of opportunity between people who share a protected characteristic and those who do not and to foster good relations between people who share a protected characteristic and those who do not.

The Council will engage with people it believes to have an interest in our approach to Equality. It will undertake periodic Equality Assessments to help in deciding whether an existing or proposed policy, procedure, practice or service does (or may) affect people differently, and if so, whether it affects them in an adverse way, and if so, what can be done to change it.

POSITIVE AS AN EMPLOYER

The Council is committed to making full use of the talents and resources of all its employees. It will recruit, reward, develop, promote and transfer employees on the basis of the skills, relevant qualifications, experience, aptitude and ability they can bring to the job.

The Council will encourage and develop all employees to support and carry out the requirements of this Equality policy. All employees will be encouraged to identify and disseminate good practice.

Recruitment

The Council recruitment process must result in the selection of the most suitable person for the job, in respect of experience and qualifications. It is against The Council's policy to discriminate either directly or indirectly on the grounds of any characteristic listed in its Equality Statement, at any stage of the recruitment process.

The Council staff must ensure that:

- all job opportunities are open to all applicants
- no prejudgement or assumptions are made by recruiters or managers
- all applications are given equal consideration
- no decision is made in advance regarding the outcome of recruitment
- all applicants and staff are made aware of the Council policy on recruitment

All recruitment publicity must positively encourage applications from all suitably qualified and experienced people and should avoid any stereotyping of roles. All publicity should state that the Council is an Equal Opportunities employer and welcomes diversity. All vacancies must be advertised in accordance with the Council's Personnel Policies.

The selection process must be carried out consistently at all levels. It must be fair and non-discriminatory. Application forms where used, must state that the Council is an Equal Opportunities employer. The only criteria to be used in the selection process are those based on the skills, experience and qualifications essential for the job.

All aspects of The Council's recruitment and selection process will be monitored by the Town Clerk to ensure the Council meets its obligations as an Equal Opportunities and quality employer.

Training and Development

Training and development opportunities will be made available to all employees and any form of discrimination whether direct or indirect will not be tolerated. Priority will be given to training or development activity which is linked to the achievement of yhe Council's aims and objectives. Where resources permit the Council will support training and development beyond the needs of the job which can be returned as a benefit to the Council i.e. increased flexibility, breadth of experience and commitment.

Terms and conditions

All employees will be treated equitably with respect to pay and other conditions of their contracts of employment.

Breaches of Policy

Employees who feel that they have been subject to discrimination should attempt to resolve the issue by talking to the individual whom they feel has acted inappropriately. If this does not resolve the issue then the employee can approach their manager or, if necessary, the Town Clerk under the Grievance Procedure.

Harassment

The Council will not tolerate or accept any form of harassment of its employees. All employees have the right to be treated with dignity and any contravention of this right may be subject to the appropriate grievance or disciplinary procedure. Harassment policy and processes are included in the Council's Personnel Policies.

Discrimination against people with disabilities

The Council will make reasonable changes to the physical features of its premises or to its method of undertaking business where this can enable an employee to properly undertake their job role. We will think positively about disabled staff as we do with disabled customers.

Religious discrimination

Discriminatory behaviour which fails to acknowledge the rights and needs of people with different beliefs or practices will be treated as a disciplinary offence.

Bullying

Workplace bullying is a separate issue from sexual and racial harassment but the effects can be the same. Within the working environment bullying can be described as the use of a position or power to coerce others by fear, oppression or threat.

The Council will not tolerate bullying behaviour at any level and it is the responsibility of all managers to eliminate any form of bullying which they become aware of. Allegations of bullying will be dealt with under the grievance or disciplinary procedures. Any employee who feels they are being bullied should consult any manager or the Town Clerk.

Victimisation

The Council will ensure that no employee is treated less favourably than other people because, for example they have brought proceedings, given evidence, or complained about the behaviour of someone who has been harassing or discriminating against them.

<u>Aqe</u>

- Recruitment, is based entirely on relevant criteria, this criteria will be specific to the post and will not include age or age related criteria
- All job advertisements will avoid the use of ageist language. Phrases such as 'applicants should be 25-35 years of age', 'young graduates' and 'mature person' are discriminatory
- Person specifications must focus on job needs only. Criteria <u>unnecessarily</u> specifying experience, personal qualities or qualifications will be removed from job advertisements and person specifications
- Where appropriate, advertisements will be designed to attract a mixed-age response through advertising
- Age related details will be separated from the application form as far as practicable
- Direct age related details (such as date of birth) will be separated via the equal opportunities monitoring form
- Application forms will be reviewed to minimise inferred calculation of age.
- The selection of candidates will be based upon individual assessment against the relevant criteria and will not include age or age-related criteria
- Candidates will be selected on the basis of skills and abilities. Recruitment procedures will
 ensure that the process is fair, consistent and does not discriminate against a particular age
 group
- Only job-related questions should be asked of job applicants. Candidates will be measured against selection criteria to help decision-making
- All successful applicants will be subject to an employment medical questionnaire irrespective of age. Assumptions about capability or medical fitness will not be based on the age of the applicant
- Selection panel members must not make judgements about the abilities of a candidate based on stereotypical assumptions about age

- Promotion, training and career development opportunities will be provided equally for all staff whatever their age
- Procedures relating to appraisal, regarding and the award of accelerated or discretionary increments and other employment situations where selection is required will apply to all staff regardless of age. Any such review will focus on skills and ability
- The take-up of training and development from different ages will be monitored
- Specific length of service provisions relating to pay and benefits will only be permitted where
 this can be justified in that the arrangement rewards loyalty, encourages motivation or
 recognises relevant experience
- Pay scales and access to other benefits including the occupational pension and bonuses will
 not be based on age. Any age related criteria will be removed
- All policies will be reviewed to check whether they include reference to age related or length
 of service related entitlement. Where age or length of service related criteria are used these
 will be reviewed and revised where necessary
- The Council does not have a default age for retirement
- Any voluntary redundancy scheme will not be based on age related criteria unless such criteria may be justified under the regulations
- Selection for redundancy will not be based on length of service alone as this is indirectly discriminatory

Responsibilities

- All employees of the Council have a responsibility to ensure that the Council's Equal Opportunities policy is communicated and its requirements adhered to.
- All the Council staff will receive training and development in equal opportunities issues. The Council policies on managing diversity form part of its Employee Handbook.

POSITIVE ABOUT SERVICE DELIVERY

The Council's clients have the right to expect fair and non-discriminatory treatment whilst participating in or receiving any of the Council's services. It will ensure that all recipients of the services delivered directly by the Council are guaranteed the same opportunity.

All aspects of the Council's Equalities Policy impact on the manner in which it directly delivers services to and for its customers.

Adherence to the principles and practices contained within the policy will be monitored on a regular basis. The Council will look for ways that it can make its services accessible to all.

Breaches of this Policy by staff will be subject to the grievance and discipline procedures.

Where any service is delivered indirectly by contractors, partners or volunteers, the Council will ensure that they understand its Equality Policy and adhere to it.

POSITIVE ABOUT COMMUNITY LEADERSHIP

The Council has a local governance and community leadership role. Local residents, members of local organisations, businesses and visitors have the right to expect fair and non-discriminatory treatment when engaging with the Council.

The Council recognises the diversity within the community and seeks to reflect this in the work it undertakes within that community. All aspects of the Council's Equalities Policy impact on the manner in which engages with the community.

Adherence to the principles and practices contained within the policy will be monitored on a regular basis. The Council will look for ways that it can make it easier for everyone to engage with it.

Inclusive

The Council believes that as far as possible, disabled customers should be able to obtain services in the same way as other customers who are not disabled. However, given the constraints of operating from existing buildings, there will be some situations where the same treatment is not possible. In such cases, the Council will devise a solution as to how best to service our disabled customers, which demonstrates respect for their dignity.

Finding Out

The Council will periodically undertake an audit of its premises and operations to assess as far as possible, what customers with different disabilities may need in order to access our services. We will base this on good practice guidance and where appropriate talk to individual customers about any particular problems they encounter. As necessary, we will seek expert advice on finding solutions.

Existing Premises

The Council will focus particularly on making reasonable adjustments to the physical features of the premises. Where a physical feature makes it impossible or unreasonably difficult for disabled customers to make use of a service, we will take reasonable measures to:- remove the feature, or alter the feature, or provide a reasonable means of avoiding it, or provide a reasonable alternative method of making the service available.

Getting Better

The Council will plan the development of our business with disabled people in mind. We will ensure our staff are aware of disability issues and are trained to meet the needs of disabled customers.

POSITIVE ABOUT DEMOCRACY

Where councillors are to be elected, the Council will make information available as widely as possible about the election, and help people who are interesting in standing for election, with the objective of reflecting the diversity of the Parish.

When the Council seeks a co-opted member, it will advertise widely and will ensure that every applicant has an equal opportunity. Selection will be made against objective criteria.

The Council will always promote democracy, encourage all people to engage with it and vote at elections.

6. OTHER INFORMATION

Floats

Floats are used for Town Hall events for the bar or ticket sales. The main float for use within the Town Hall operations is £550.

The Finance Officer is responsible for ensuring that a float is ready and available for use when required. Floats are kept in sealed cash bags and should only be opened when used at an event, each time a float is made up it will be sealed with a unique sealed reference number. A list of all floats made up with the amount and the seal references are kept by the Finance Officer. Regular checks take place to count the floats to ensure it is correct.

Within the £550 is a change float, this is available for use within the Town Hall operations only and can be used to access change should a replenishment be required in the till during an event. Should change be required, the relevant amount should be taken from the till and swapped with the relevant coins, a no sale slip should be signed by the senior member of staff to indicate that this has taken place.

Accuracy

When physically counting cash always take your time and if you are unsure count the cash again. If you are handed a large volume of mixed notes it is useful to split them into their denominations before counting to avoid confusion. Do not be distracted or intimidated by customers. If you are struggling or the customer is disputing the value of cash handed over then ask a colleague to double count it for you.

When keying card/ debit card transactions, ensure the correct amount is entered and checked by the customer before processing.

All cash should be counted in a secure location such as the office, behind locked doors and access to the counting area restricted whilst the money is on the table.

Cash

Cash held in the safe should be kept to a minimum.

Cheques

When taking a cheque from a customer check the following before receipting:

Valid Date **Correct Payee** Amount in words and figures match Signature - Could be checked against other I.D Any amendment is initialled Details of the cheque guarantee card should be written on the reverse of the cheque

Tills

If it is necessary to leave the till unattended it must be locked, and the key should always be kept with the operator until returning to the counter. When processing a transaction, the till drawers should not be left open any longer than necessary.

7. SAFE & INSURANCES

The safe has a maximum insurance value of £5,000. This value should not be exceeded, and no other safes can be used for the storage of cash.

8. PETTY CASH

Petty cash is held in the Finance and Administration Office. Authorised officers can only access the petty cash for small purchases required for day to day operation. Just enough cash expected to cover the necessary purchase should be taken from the petty cash tin, not excessive amounts "just in case". A detailed VAT receipt must be obtained and returned to the petty cash tin with any change. Details of the purchase should be entered in the Petty Cash book.

Petty Cash should be stored in a secure and discrete location. Maximum single spend is £50, any items over £50 should be purchased via the purchase order system. The use of petty cash is for small, unplanned purchases, where possible main suppliers should be used for regular purchases to ensure cost efficiency and effective monitoring of spend.
