Response of Sandbach Town Council to Crossing Strategy Consultation 2024

The Sandbach Town Council Planning, Environments and Consultations committee welcomes the review to the Local Validation Checklist for Planning Applications.

The committee appreciates the inclusion of the following points: Ecological and Geodiversity Assessment (page 11), Ecological Enhancement Strategy (page 11), Energy / Sustainability Statement (page 12), Statement/Environmental Outcomes Report (page 12). Viewing these progressive additions to the checklist, as necessary.
